1. Client categories and assignment

CoxiPay assigns a category to each client and prices differ per category.

Categories are assigned based on the below criteria:

If you reside in an EU¹member country, you are in **Category 1**. If not, you are in **Category 2**. If any of the below mentioned criteria is applicable for you, you are in **Category 3***.

- Your account balance in any currency is equivalent or higher than €50,000
- You have a need for higher than standard permanent limits
- You operate under individual business/ freelance certificate.

*Fees may change if the customer conducts activity that was not specified when opening the account, or executes payments in connection with high risk activities (e.g. virtual currencies).

Explanations and definitions:

- The ultimate and final decision on the assigned category lies with CoxiPay. The criteria indicated above to determine the category apply in the majority of the cases, but not always.
- If you have not chosen Category 3 in your application form and/or any of the criteria is applicable, you
 will be offered to switch to Category 3. This process will be discussed individually between you and
 CoxiPav.
